IRON AND STEEL MARKETS.

Demestic Orders Fall Off. Exports

Demand Growing.

Large export sales of steel rounds, billets and forgings were again the feature of interest in the steel trade yesterday. Between 25,000 and 50,000 tons more were sold for shipment to France, making the total about 300,000 tons for France, Russia and Italy. Tenders were also made to J. P. Morgan & Co. on another round tonnage. In all about 150,000 tons more were pending. With the falling off in domestic orders the steel works turn with avidity to foreign steel works turn with avidity to foreign buyers to dispose of the steel tonnage to come from new plants over the remainder of the year.

Sales of about 20,000 tons of rails

The Steel Corporation

sales of about 20,000 tons of the sales of about 27,000 tons at the tion has sold about 27,000 tons at the advanced price in the last ten days.

THE SUGAR MARKET.

THE SUGAR MARKET.

This country. Much of the work now being executed at the car shops is on Labor Fears and Poor Shipping 125,000 tons. The gain in unfilled orders One large manufacturer of pig iron in as anticipated. Output and shipment also were smaller than trade estimates. The Iron Age says: "The placing of new contracts for upward of 150,000 tons of shell steel in the form of blooms and rounds and negotiations for as much more war steel, including 50,000 tons for Russia and Italy, are the chief developments of the week. Otherwise the steel trade has slowed down, as it has long needed to do. Buyers for the Allies did not set any 3ct steel in these late transactions. For blooms 80 to 485 was paid and for rounds 2.59 to 3.75c. On some pending business 375 has been offered for shell forgings, but sellers hold for more. At Pittsburg 30,000 tons of rounds were sold to Italy and inquiries there represent 90,000 tons, besides \$5,000 tons at Cleveland. "Steel companies which some weeks ago were turting away domestic business for this year seem to have reserved space for renewals of contracts with belligerent countries. Foreign and home consumers in some cases have as anticipated. Output and shipment

chine shop strikes are still noticeas;
ing consumption.

"The market promises to have some rest from price advances. Pipe may go higher, and one or two wire manufacturers are getting \$1 a ton above the general level. But there is a slight casing up in semi-finished steel. At Pittsburg ingots from steel foundries have soid at \$40 and billets and sheet bars have been offered at that figure for third quarter. Such iron and steel exports as are reported in tons made a new record at 438,000 tons in March. The average for the preceding six months was about \$75,000 tons and the

## Prices Ease at Close, Final Quota-

tions Being Lower. The coffee market showed a nervous undertone, and after moving within a narrow range throughout the greater part of the day prices eased off at the close and final quotations were 5 to 9 points net lower. Total sales were 55,250 bags. The news of the day was not conclusive either way nor of a character to inspire aggressive operations, but the fact that prices had had a sharp upturn on Tuesday served to check buying. Buils were apparently disposed to limit their purchases and await future developments, as on recent advances long coffee has come out in sufficient volume to cause sharp reactions. actions

Brazil was again firm and not disposed to make concessions. In the cost and freight market few offers were received and apparently shippers were not inclined to make concessions nor to go to the expense of cabling prices with so little prospect of getting orders. orders.

The local cash market was inactive, but steady, with Rio is quoted at 98 c.

The official Brazilian cables reported no change in either Rio exchange on London or milrels prices in either of the Brazilian markets. Receipts at the two ports were 11,000 bags, compared with 20,000 last year. Prices follow:

JUMP IN IMPORTS TOO

the steel trade in the last few days has been the revival in export business. In addition to the previous sales of billets, forgings and round steel bars for ship-ment to France, Russia and Italy noted reported yesterday unfilled orders aggre- on Tuesday, one or two other large con- figures leaued by the foreign trade de-

American Cas: Iron Pipe Company has received a contract of 227 tons of 6, 8 and 10 inch cast iron pipe at \$31.30 delivered at Antigo, Wis. The city of Peabody, Mass., has taken tenders on 201 tons 6, 8 and 12 inch pipe, and Highland Park. Mich., has received bids on 1.700 tons of pipe. Awards are expected to be announced.

obligations, to complete the mine pre-paratory work for an output of \$,000 tons of ore a day by the end of this year and to complete the installation of all equipment necessary to mill \$.000 tons of ore a day."

Cause Future Selling.

Cause Future Selling.

The market for sugar futures was only moderately active yesterday, total sales amounting to 7,900 tons and price changes being feverish. Early in the session the market showed an upward tendency and the active positions gained 5 to 9 points on covering and more aggressive buying on the belief that the technical position had been relieved by Thesday's selling movement. Fears of labor disturbances and the continued unfavorable traffic conditions in the harbor as well as a lack of business in the spot position caused renewed selling, however, and at the close of the day the market was barely steady at 2 points net lower to 3 points higher.

sumers are buying conservatively, but little iron is available under \$19.50 for No. 2 foundry at Buffalo, and in some sumers are buying conservatively, but little iron is available under \$19.50 for No. 2 foundry at Buffalo, and in some instances sales have been made as high as \$20 at the furnace. The American Rolling Mill Company, Middletown, Ohio, is reported to have bought 20,000 tons Southern basic pig iron at \$15 Birming-ham. Ala.

## THE METAL MARKET.

Copper Business Light, but Producers Are Holding Back.

Orient, and sales of structural steel a rails for shipment to South America.

the Buffalo district is still actively in the market for large contracts for foundry iron on the basis of \$18,50 for

No. 2 foundry, delivery to be made over the first half of next year. Since the first of May, however, no large individ-ual toninges have been bought, but sev-

eral additional contracts have been placed by manufacturers of railroad equipment. For this year's delivery con-

Business in copper is light and second hands are more anxious to sell, consequently are making concessions. Producers, in a strong position, are making small efforts to sell in an unwilling market. May-June shipment electrolytic is offered at 20 tr 20 kgc; dune-duly at 20 kgc, while shipment over the last quarter is available at 28 kgc. There is no demand for shipments after the turn of the year. Casting copper for early shipment is difficult to sell over 27 kg 27 kgc. Exports reported yesterday were 1.081 tons, mainly ingots to Italy Since May I foreign shipments have been 4.477 tons. Arrivals reported yesterday were 2.409 tons ore from Cuballondon was firmer, with all positions up 10s. American electrolytic is held at 1154 for spot.

Tin was again dull and weaker here

quoted at 155 5s.
Speiter was dull and heavy. Prompt shipment is quotable at 163 \$\tilde{m}\$ 17c., May at 161 \$\tilde{m}\$ 168, c. June at 153 \$\tilde{m}\$ 165, c. and third quarter at 164 \$\tilde{m}\$ 15c. St. Louis. London was unchanged.

Quantities of Many Articles Than Two Years Ago.

In connection with the weekly export

L700 tons of pipe. Awards are expected to be announced in the next few days. On May 16 the town of Denmark, Wis., will take bids on 173 tons of 6 and 8 inch pipe, and Mount Horeb. Wis., will receive bids on the same day on 142 tons of 4 and 6 inch pipe.

The United States Steel Corporation, as well as some of the independent steel companies, is taking larger contracts for commercial shapes of steel in the international market, outside of the heavy tonnages sold to foreign Govern-ments to be used in the manufacture of war munitions. More sales of tin plates
